# About This Survey

Sample Department, 1/24/2012

This multi-rater survey is designed to assist your department in assessing and developing its effectiveness. As an aggregated report of the perceptions of the members of the department, it is intended to:

- Help your department identify its strengths and areas for improvement
- Enable the leaders of the department to better understand collective perspectives
- Serve as a quantitative baseline for the department's progress over time
- Catalyze constructive discussions about how the department can be more effective
- Demonstrate that the department is open to feedback and committed to continuous improvement

## Rater Groups That Provided Feedback

Rater Group	# of Respondents (n)	# Invited to Participate
May 2013		1
May 2012	3	4

## About The Rating Scale

Scale Option	Assigned Value
n/a	0
strongly disagree	1
disagree	2
neutral	3
agree	4
strongly agree	5

**Reverse Scored Items:** In order to make safeguard against response bias and to ensure that respondents read each question carefully, questions 3 and 6 in each category are negatively worded. In the final report, they are "reverse scored", meaning that the response that was given is subtracted from 6. This reverse scoring ensures that in the final report, higher scores are always better. For example, if a respondent answers question 3 "This department tends to ignore or discount feedback from customers" with a "1" for "strongly disagree", that is reported as a 5. If the respondent answered "5" for "strongly agree" with question 3, that is reported as a 1.
