# About This Survey

Sample Organization, 2/27/2017

This multi-rater survey is designed to assist your organization in assessing and developing its effectiveness. As an aggregated report of the perceptions of the members of the organization, it is intended to:

- Help your organization identify its strengths and areas for improvement
- Enable the leaders of the organization to better understand collective perspectives
- Serve as a quantitative baseline for the organization's progress over time
- Catalyze constructive discussions about how the organization can be more effective
- Demonstrate that the organization is open to feedback and committed to continuous improvement

## Rater Groups That Provided Feedback

Rater Group	# of Respondents (n)	# Invited to Participate
Group 1	1	1

## About The Rating Scale

Scale Option	Assigned Value
n/a	0
strongly disagree	1
disagree	2
neutral	3
agree	4
strongly agree	5

**Reverse Scored Items:** In order to make safeguard against response bias and to ensure that respondents read each question carefully, questions 3 and 6 in each category are negatively worded. In the final report, they are "reverse scored", meaning that the response that was given is subtracted from 6. This reverse scoring ensures that in the final report, higher scores are always better. For example, if a respondent answers question 3 "This organization tends to ignore or discount feedback from customers" with a "1" for "strongly disagree", that is reported as a 5. If the respondent answered "5" for "strongly agree" with question 3, that is reported as a 1.
